
Section III: Definitions of UBPR Items

General

This section describes the derivation of each of the items on each UBPR page.

Some UBPR pages have more than one set of items, depending on the type of Call Report filed by the bank

for the latest period. See Section II for a summary of Call reporter types.

Such UBPR page versions differ in the amount of detail reported by the bank and presented in the UBPR. Also, some page versions differ in the manner of categorizing loans. In addition, some items do not appear

on the public version of the UBPR, compared to the bank and regulatory version. Such items involve Call Report data that are deemed to be confidential. This section specifies all of these distinctions between UBPR page versions.

UBPR Introductory Page

The Introductory Page specifies the edition date of the UBPR being presented, identifies the subject bank, provides a table of contents, and presents other notes and information.

Bank Identification

The information presented on the first two lines is repeated on all subsequent UBPR pages. These items are:

- Cert#: bank's FDIC insurance certificate number
- DSB#: bank's Federal Reserve district-state-bank member
- Bank Name
- City and State
- Charter #: For national banks, bank's OCC charter number

This page also provides the bank's mailing address, the name and loca-

tion of bank's holding company if any, and the name of the bank's primary federal regulatory agency.

The Introductory Page also specifies the banks' current UBPR peer group number and the criteria for that peer group. See Section II of this guide for specification of all peer group criteria.

Note that each UBPR is addressed to the chief executive officer by title, not name.

This page presents a summary of the bank's year to date Report of Income. The major categories of income and expense reported on this page are expanded on subsequent pages of the UBPR.
