#### **Foreword**

A Guide to HMDA Reporting: Getting It Right! will assist you in complying with the Home Mortgage Disclosure Act as implemented by The Consumer Financial Protection Bureau's Regulation C, 12 C.F.R. part 1003 (Regulation C). The Guide was written to address the needs of financial institution managers and employees responsible for HMDA compliance.

The *Guide* was developed by the member agencies of the Federal Financial Institutions Examination Council (FFIEC)—the Consumer Financial Protection Bureau (CFPB), the Office of the Comptroller of the Currency (OCC), the Federal Deposit Insurance Corporation (FDIC), the Board of Governors of the Federal Reserve System (Board), and the National Credit Union Administration (NCUA)—and the Department of Housing and Urban Development (HUD).

This edition of the Guide reflects several changes resulting from the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act). The Dodd-Frank Act transferred rulemaking authority under HMDA from the Board to the CFPB. In addition, the Dodd-Frank Act granted the CFPB supervisory and enforcement authority for entities under its jurisdiction. The Act also abolished the Office of Thrift Supervision. In December 2011, the CFPB restated the Board's implementing regulation, Regulation C, to 12 C.F.R. 1003 (76 Fed. Reg. 78465 (December 19, 2011)). The Guide has been updated to reflect these changes.

The Introduction reviews HMDA's purposes and data collection, reporting, and disclosure requirements. It also summarizes management's responsibilities. The remaining parts of the *Guide* describe in more detail:

 what information a covered institution must collect,  how the information should be reported on the HMDA loan/application register, and

how the data will be disclosed to the public by the institution and the FFIEC.

The FFIEC produces a public disclosure statement for every covered institution and for every metropolitan statistical area (MSA) and metropolitan division (MD). The disclosures and other HMDA data are available from the FFIEC, by accessing the FFIEC Internet site, www.ffiec.gov/hmda, or by sending an e-mail to

This *Guide* is a general statement of the requirements of HMDA and Regulation C, not a verbatim restatement of the law. To comply fully with HMDA, you must be familiar with

#### Introduction

#### **Purposes of HMDA**

The Home Mortgage Disclosure Act of 1975, as amended, requires many depository and nondepository lenders to collect and publicly disclose information about housing-related loans and applications for such loans, including several applicant/borrower characteristics. HMDA is implemented by the Consumer Financial Protection Bureau's Regulation C (12 C.F.R. Part 1003), which includes commentary (12 C.F.R. Part 1003 Supp. I).

The housing-loan data that lenders must disclose under HMDA:

- show whether financial institutions are serving the housing needs of their communities;
- assist public officials in distributing public-sector investment so as to attract private investment to areas where it is needed; and
- assist in identifying possible discriminatory leanding patterns and enforcing antidiscrimination statutes.

HMDA does not prohibit any lending activity, nor is it intended to encourage unsound lending practices or the allocation of credit.

## **Data Collection, Reporting, and Disclosure in a Nutshell**

As implemented by the Bureau's Regulation C, HMDA requires covered depository and nondepository institutions to collect and publicly disclose information about applications for, originations of, and purchases of home purchase loans, home improvement loans, and refinancings. Whether an institution is covered depends generally on its asset size, its location, and whether it is in the business of residential mortgage lending. The regulation's coverage criteria are illustrated in diagrams in the next chapter.

#### Who Must Report.

There are three categories of loans that must be reported: home purchase, home improvement, and refinancing. Each has a specific definition, which may vary from your institution's use of the term. You will find the definitions in the chapter **Data Reporting in General**. There you will also find a list of types of transactions that are not reportable under HMDA.

Every loan application, origination, and purchase that falls into one or more of the three categories must be reported. With some exceptions, for each transaction the lender reports data about:

- the loan, such as its type and amount;
- the property, such as its location and type;
- the disposition of the application, such as whether it was denied or resulted in an origination; and
- the applicant (namely, ethnicity, race, sex, and income).

That information must be recorded on a form known as the HMDA loan/application register (variously known as the HMDA-LAR, the LAR, or the register). A summary of the instructions for completing the LAR appears in the chapter **Completing the LAR Step by Step**.

Additional information essential to reporting property location appears in the chapter **Sources of Geographic Information (Geocoding Tools)**.

#### Introduction

An institution must transmit its LAR to the data processor (FFIEC), ordinarily in electronic form, and preferably by using the Submission via Web option or Internet e-mail with an encrypted file (HRID\_Agency\_Year.ENC) attachment. Instructions concerning transmittal can be found in **Submitting the LAR**. Every reporting institution must also disclose its LAR to the public after deleting information that might compromise consumer privacy. See **Disclosing the Data**.

The FFIEC, on behalf of the agencies, creates a series of tables from each institution's data. Every institution must make its tables available to the public. In addition, the FFIEC will prepare and release tables that aggregate all reporting institutions' data by metropolitan statistical area or metropolitan division. Those disclosures are discussed in more detail in **Disclosing the Data**.

# Management's Responsibilities

If your institution is required to comply with HMDA, management must ensure that:

- Procedures are in place for collecting and maintaining accurate data regarding each loan application, loan origination, and loan purchase for home purchase loans, homeimprovement loans, and refinancings.
- The individuals assigned responsibility for preparing and maintaining the data understand the regulatory requirements and are given the resources and tools needed to produce complete and accurate data.

- Appropriate record entries are made on the LAR within thirty calendar days after the end of the calendar quarter in which final action occurs (such as origination or purchase of a loan, or denial or withdrawal of an application). For loans sold, the type of purchaser may be added later.
- An officer of the institution monitors the collection of the loan/application data during the course of the year for compliance with the reporting instructions and reviews the accuracy of the data submitted to FFIEC, as the institution's data processor, at year-end.
- The loan/application data are submitted annually on time (by March 1 following the calendar year of the data), and the institution responds promptly to any questions that may arise during processing of the data submitted.

Administrative sanctions. Given the importance of accurate and timely submission of HMDA data, a violation of the reporting requirements may subject the reporting institution to administrative sanctions, including the imposition of civil money penalties, where applicable.

# Who Must Report

# Coverage Criteria for Depository Institutions

#### **Coverage Criteria**

Whether a depository institution or nondepository institution<sup>1</sup> is covered depends on its size, the extent of its business in an MSA, and whether it is in the business of

**Applications in the Current** 

**Calendar Year** 

residential mortgage lending. The precise coverage criteria, set out in the definition of "financial institution" in § 1003.2 of Regulation C, are illustrated by the following diagrams.

- <sup>1</sup> Unless context suggest otherwise, the Guide uses the term "depository institutions" to apply to banks and savings associations (as those terms are defined in the Federal Deposit Insurance Act) and credit unions that make federally related mortgage loans, and the term "nondepository institutions" to apply to other mortgage lending institutions. These common usages differ from section 303 of HMDA, which generally defines all of these institutions as "depository institutions.'
- <sup>2</sup> Every December, the Consumer Financial Protection Bureau will announce the threshold for the following year in the *Federal Register*. The asset threshold may change from year to year based on changes in the Consumer Price Index for Urban Wage Earners and Clerical Workers.
- <sup>3</sup> See the next subchapter for the definition of a "branch office."

#### Coverage Criteria for Other Mortgage Lending Institutions

<sup>\*</sup> See comment 1003.2 (Financial institution)-4, Appendix D of this *Guide*.

<sup>&</sup>lt;sup>4</sup> See the next subchapter for the definition of a "branch office."

#### **Who Must Report**

## **Definition of a** "Branch Office"

The term "branch office" appears in the coverage criteria for both depository and nondepository institutions. The term refers to offices of your institution, not to offices of affiliates or of other parties such as loan brokers. As defined in Regulation C § 1003.2, the term "branch office" has different meanings for depository institutions and for nondepository institutions.

For a bank or other depository institution, branch office means an office approved as a branch by a supervisory agency (except that a branch office of a credit union is any office where member accounts are established or loans are made, whether or not the office has been approved as a branch by a federal or state supervisory agency). The term does not include other offices where the institution merely takes loan applications, nor does it include automated teller machines (ATMs).

For other types of institutions, such as mortgage companies, branch office refers to any office that takes applications from the public for home purchase loans, home improvement loans, or refinancings. Each of those institutions also is considered to have a branch office in any MSA or Metropolitan Division (MD) where in the preceding year the institution received applications for, originated, or purchased five or more loans for home purchase, home improvement or refinancing related to property located in that MSA (or MD) whether or not the institution had a physical office there. As a result, a nondepository lender not covered by HMDA in the current calendar year must keep sufficient geographic records of lending in the current calendar year to determine whether it is covered in the following year.

#### **Mergers and Acquisitions**

When a merger or an acquisition of a branch takes place, questions often arise about how and when to report HMDA data. The five scenarios described below should answer many questions. You can refer other questions to your federal HMDA reporting agency for resolution.

- Two institutions merge, producing a successor institution whose assets exceed the asset threshold for coverage. Both were previously exempt because of asset size. The successor institution's first HMDA data collection will be for the calendar year following the year of the merger. No data collection is required for the year of the merger.
- Two institutions merge, one covered and one exempt. The covered institution is the surviving institution. For the year of the merger, data collection for loan applications, originations, and purchases is required for the covered institution's transactions, but is optional for transactions handled in offices of the previously exempt institution.
- Two institutions merge, one covered and one exempt. The exempt institution is the surviving institution, or a new institution is formed. Data collection for loan applications, originations, and purchases is required for transactions of the covered institution that take place prior to the merger. Data collection is optional for transactions taking place after the merger date.
- Two covered institutions merge. The surviving or resulting institution must report complete data for the year in which the merger occurred; the institution has the option of filing a consolidated report or separate reports for that year.

#### **Who Must Report**

If the institutions reported under different agency codes before the merger, the reports for the year in which they merged and all subsequent reports must be submitted under the agency codes designated by the HMDA reporting agency of the surviving or resulting institution.

For guidance on the Respondent ID (RID) number and agency code to use for HMDA reports in merger situations, e-mail the details of the merger to **HMDAHELP@frb.gov**.

■ A covered institution purchases HMDA-related loans in bulk from another entity (for example, from a failing institution). As neither a merger nor an acquisition of a branch is involved, the purchasing institution must report those loans as "purchased loans."

## **Exemptions Based on State Law**

State chartered institutions located in a state that has enacted a mortgage disclosure law may be granted an exemption from HMDA if they are subject to state law requirements that are substantially similar to federal requirements and there are adequate provisions for enforcement. Those institutions will submit the required information to their state supervisory agency. Institutions will be informed by their state supervisory agency when such an exemption has been granted.

# **Brokered or Correspondent Loans: Who Reports?**

When a covered institution makes a loan through a third party such as a broker, the institution, rather than the third party, reports the loan if the institution makes the credit decision. Data on loan applications that do not result in an origination must also be reported by the entity that makes the credit decision. Consult comments 1003.1(c)-2 through -7 (Appendix D to this *Guide*) for more guidance.

#### Data Reporting In General

# The Loan/Application Register (LAR)

HMDA requires covered institutions to compile and disclose on a calendar-year basis data about applications for, originations of, and purchases of home purchase loans, home improvement loans, and refinancings. Information about each application or loan, and about each applicant or borrower, is reported on a loan-by-loan, application-by-application basis on a loan/application register (LAR, or register). The LAR must be completed in accordance with Regulation C (Appendices A–C to this *Guide*) and the commentary (Appendix D to this *Guide*).

Appendix A to Regulation C (Appendix A to this *Guide*) prescribes the format of the LAR, including the fields' names, sizes, and order. An electronic copy of the LAR is available at **www.ffiec.gov/hmda**. You need not use the form that appears in the appendix, but your layout must follow its format. The regulation does not prescribe the order in which the loans appear on your register, and the loans need not be grouped by type or other variable.

A LAR for a given calendar year must contain all reportable applications that reached final action (e.g., origination of a loan, denial of an application) in that year, regardless in which year the application was submitted. The LAR should exclude applications that have not yet reached a final action; those applications should appear on the LAR for the calendar year in which they reach final action.

## **Separate or Combined Registers?**

You may prefer to keep a separate register for each of the different categories of loans—or even separate registers at different branches. Keep in mind, however, that the application or loan identifiers must be *unique* within your institution. For example, if your report contains data from several branch offices, and each branch keeps its own register, assign codes or series of numbers to each branch to avoid duplication. Send all the registers for your institution to your processor (FFIEC) in a consolidated report or automated file annually by March 1 following the calendar year of the data. See page 24.

**Quarterly updates**. Regulation C requires a covered institution to record a transaction on the LAR within thirty calendar days after the end of the calendar quarter in which final action on the transaction is taken (such as origination or purchase of a loan, or denial of an application). Your regulator may require you to record the data more frequently than Regulation C requires.

## Practical Tips for Quarterly Updates:

- If you use an outside servicer to geocode property locations, make appropriate arrangements to have geocoding completed on a timely basis.
- In some cases you may be able to wait until the loan transaction is complete to determine the census tract number (for example, from the appraisal report) and still meet the quarterly updating requirement. But keep in mind that census tract numbers are also required for loan applications that are denied or withdrawn.

## Data Reporting in General

■ For loans sold in a later quarter, the field for "type of purchaser" may be filled in later, after the sale.

Annual submission. By no later than March 1 following the calendar year of the loan data, an institution must send the LAR to FFIEC, as their data processor for the HMDA reporting agencies, preferably by using the Submission via Web option or Internet e-mail. See page 24.

#### **Transactions to be Reported**

An application or loan is reported if it falls into one or more of the following three categories: home purchase loan, home improvement loan, or refinancing.

- 1. A **home purchase** loan is any loan secured by and made for the purpose of purchasing a dwelling.
- 2. A home improvement loan is: (a) any dwelling-secured loan to be used, at least in part, for repairing, rehabilitating, remodeling, or improving a dwelling (or the real property on which the dwelling is located); or (b) any loan not secured by a lien on a dwelling to be used, at least in part, for one or more of those purposes that is classified as a home improvement loan by the institution and is used, in whole or in part, for repairing, rehabilitating, remodeling, or improving a dwelling (or the real property on which the dwelling is located).
- A refinancing is any dwellingsecured loan that replaces and satisfies another dwelling-secured loan to the same borrower. For reporting purposes, both the existing obligation and the new obligation must be secured by liens on dwellings. See page 28.

Home equity lines of credit (HELOCs) for home purchase or home improvement may be reported at the institution's option. Report only the amount that is intended for home purchase or home improvement purposes. An institution that reports home equity credit line originations must also report any applications that do not result in an origination.

## Information to be Reported about Each Transaction

Every application, origination, and purchase that falls into one or more of the three categories (home purchase, home improvement, refinancing) must be reported as a separate line item on the LAR with some exceptions. For each transaction reported, the lender reports data about:

- the loan, such as type and amount;
- the property, such as location and type;
- the disposition of the application, such as originated or denied; and
- the applicant(s), namely, ethnicity, race, sex, and income.

For more detail, see **Completing the Register Step by Step** and Appendix A.

## **Data Reporting** in General

# **Transactions Not to be Reported**

The following transactions are excluded from reporting under HMDA:

- Loans made or purchased in a fiduciary capacity.
- Loans on unimproved land.
- Construction loans and other temporary financing (but construction-permanent loans must be reported).
- Purchase of an interest in a pool of mortgages, such as a mortgage participation certificate, a real estate mortgage investment conduit (REMIC), or a mortgage-backed security.
- Purchase solely of loan servicing rights.

- Loans originated prior to the current reporting year and acquired as part of a merger or acquisition, or as part of the acquisition of all of the assets and liabilities of a branch office (defined on page 5).
- The acquisition of only a partial interest in a home purchase or home improvement loan or a refinancing by your institution, even if you have participated in the underwriting and origination of the loan (such as in certain consortium loans).
- Prequalification requests for mortgage loans, as opposed to preapproval requests, which must be reported. See comment 1003.2 (Application)-2.
- Assumptions not involving a written agreement between the lender and the new borrower.

For each application or loan, every column field must be completed except "reasons for denial," which is optional under Regulation C. Institutions subject to OCC regulations in 12 C.F.R. 27.3(A)(1)(I) and 128.6 or FDIC regulations in 12 C.F.R. 390.147, however, must complete the "reasons for denial" in accordance with the requirements of those regulations.

#### **Caveat**

The following guide to completing the LAR is a general statement of the requirements of Regulation C. To be able to comply fully with the regulation, you must be familiar with the more detailed instructions in Regulation C (Appendix C to this *Guide*), including the field-by-field instructions in the regulation's Appendix A (Appendix A to this *Guide*), and the commentary to Regulation C (Appendix D to this *Guide*).

For reader convenience, each section below contains references to relevant sections of Regulation C and the commentary.

## Application or Loan Information

any identification number. You may enter any identifier (up to 25 characters long) that can be used later to retrieve the particular loan or application to which the entry relates. To ensure consumers' privacy, it is strongly recommended that institutions not use applicants' or borrowers' names or social security numbers on the LAR.

The identifier must be unique among all entries from your institution. For example, if your report contains data from several branches, and each branch keeps its own register, make sure that you assign a code (or a series of numbers) to each branch to avoid duplication.

■ For more information, see Appendix A, (1.A.1) and comment 1003.4(a)(1)-4.

- either the date the application was received or the date shown on the application form, but be generally consistent. For purchased loans, enter "NA" for "not applicable." For more information, see Appendix A (I.A.2) and comments 1003.4(a)(1)-1 through -3, which include guidance on the date to be used when an application is forwarded by a broker or is reinstated/reconsidered.
- **Type of loan.** Enter the appropriate code to indicate whether the loan originated, applied for, or purchased was conventional, government-guaranteed, or government-insured. For more information, see Appendix A (I.A.3).
- Property Type. Report whether the loan or application was for manufactured housing, a multifamily dwelling, or a one- to-four-family dwelling other than manufactured housing. For more information, see Appendix A (I.A.4), Regulation C § 1003.2 (Manufactured home), and comment 1003.2 (Manufactured home)-1.
- Purpose of loan. Report whether the loan or application was for a home purchase loan, a home improvement loan, or a refinancing. For more information, see Appendix A (I.A.5). Relevant definitions can be found in Regulation C § 1003.2 (Dwelling, Home improvement loan, Home purchase loan, Refinancing). Further explanation can be found in the respective provisions of the commentary and, for refinancings, on page 28.

#### **MULTIPURPOSE LOAN**

If a loan falls into more than one of the three categories, report the loan under just one category according to the following rule. If the loan is a home purchase loan, report it as such even if it is also a home improvement loan and/or refinancing; if the loan is not a home purchase loan but is a home improvement loan and a refinancing, report it as a home improvement loan. See comments 1003.2 (Home improvement loan) -5, 1003.2 (Home purchase loan) -7, and 1003.4(a)(3)-2.

- dwelling, including a manufactured home, indicate whether the property to which the loan or application relates will be the owner's principal dwelling. For multifamily dwellings (housing five or more families), and for any dwellings located outside MSAs or in MSAs where you do not have home or branch offices, you may enter either the code for "not applicable" or the code for the occupancy status. For more information, see Appendix A, (I.A.6) and comment 1003.4(a)(6)-1.
- Loan amount. Report the dollar amount granted or requested in thousands. For example, if the dollar amount was \$95,000, enter 95; if it was \$1,500,000, enter 1500. Round to the nearest thousand; round \$500 up to the next thousand. For example, if the loan was for \$152,500, enter 153. But if the loan was for \$152,499, enter 152. Do not report loans of less than \$500. If a preapproval request was denied and the borrower did not state a loan amount, enter 1. Further information can be found in Appendix A (I.A.7). For guid-

ance concerning counteroffers, multipurpose loans, HELOCs, and assumptions, see comments 1003.4(a)(7)-1 through -4.

For submissions in automated form, your reporting program should add leading zeros to the loan amount to fill out the column (for example, for a loan amount of \$95,000, enter 00095). Leading zeros are not required for submissions in paper form.

Request for preapproval. If the loan applied for or originated is a home purchase loan, indicate whether the application or loan was initiated by a request for preapproval. If your institution does not have a covered preapproval program, enter the code for "not applicable." Those instructions are reflected in Appendix A (I.A.8). To determine whether your institution has a covered preapproval program, consult Regulation C § 1003.2 (Application) and comments 1003.2 (Application)-1 through -3. Do not report requests for pregualification. See comment 1003.2 (Application)-2.

#### **Action Taken**

■ Type of action. Use the appropriate code to categorize the entry as a loan origination, a purchased loan, or an application (including a preapproval request) that did not result in an origination. For guidance concerning counteroffers, conditional approvals, and other circumstances, see Appendix A (I.B.1) and comments 1003.4(a) (8)-1 through -7.

■ Date of action taken. Enter the settlement or closing date for originations. For applications (including preapproval requests) that did not result in an origination, enter the date when the final action was taken (e.g., the application was denied or the file was closed for incompleteness) or when the notice of the action was sent to the applicant. For an application that was expressly withdrawn by the applicant, you may enter either the date shown on the applicant's letter or the date that you received the letter or notice. For guidance concerning applications that are approved but not accepted, see comment 1003.4(a)(8)-5. For loans that you originate, see comment 1003.4(a)(8)-6 for further guidance. For loans that your institution purchases, enter the date of the purchase. For more information, see Appendix A (I.B.2).

#### **Property Location**

MSA/MD number, state code, and county code. Report the five-digit metropolitan statistical area (MSA) number or, if available, the five-digit metropolitan division (MD) number; the two-digit code for the state; and the three-digit code for the county. Enter those codes for any loan or loan application on property located in an MSA where you have a home or branch office. See page 5 for guidance on the meaning of "branch office." If the property is located outside the MSAs where you have a home or branch office (or outside any MSA) and you are not required to report data under the Community Reinvestment Act (CRA), you may enter the applicable codes or you may enter "NA" in every column. See page 15 for guidance on CRA reporting requirements. You may also enter "NA" for every geography field (including census tract) if a preapproval request was denied, or approved but not accepted by the applicant.

MSA/MD numbers, state codes, and county codes can be found in Appendix F.\* Codes are subject to change; updates will be posted on **www.ffiec.gov/hmda** as needed.

In the case of a nondepository institution, geographic data are also required for properties in any MSAs in which you originated, purchased, or received applications for five or more home purchase or home improvement loans in the preceding calendar year—whether or not your institution had a physical office there. See page 5. Therefore, a nondepository institution might enter geographic data routinely for any property in an MSA.

All covered institutions must report geographic data not just for loan applications and originations, but also for loans they purchase, even if the loan originator did not collect the geographic information.

■ Census tract number. Use the numbers assigned in the 2010 census. The FFIEC will use 2010 demographic data in preparing tables of the data submitted by reporting institutions.

Record each census tract number, showing any decimal points precisely as shown on Census Bureau documents. Add leading and trailing zeros to fill out the column, even though the number is not shown with leading or trailing zeros on the Census documents. For example, report census tract 8.02 as 0008.02, not 802, 0802, or 8; and report census tract 1012 as 1012.00.

You may enter "NA" for the census tract number if the property is located in a county with a population of 30,000 or less as of the 2010 census, even if the population later exceeded 30,000 (but you must enter the MSA number, state code, and county code). As of the 2000 census, every area of the country is in a census tract.

For more instructions on reporting geographic information, see Appendix A (I.C) and comments 1003.4(a)(9)-1 through -4.

Information about how to obtain reliable geographic information can be found in the chapter, **Sources of Geographic Information (Geocoding Tools)**.

Some institutions rely on appraisers to identify the census tract numbers. Others arrange for data processors to "geocode" loans. Whatever method you choose to follow, the ultimate responsibility for the accuracy of the data—and for ensuring that 2010 census tract numbers are used—rests with your institution. An incorrect entry for a particular census tract number may be a violation unless your institution maintains reasonable procedures to avoid such errors—for example, by conducting periodic checks of the tract numbers obtained from your data processor, if you use one.

<sup>\*</sup> Effective beginning with the collection of 2014 HMDA data, HMDA Reporters should use the MSA/MD delineations in OMB Bulletin 13-01 issued on February 28, 2013.

Institutions subject to CRA reporting rules. Under the Community Reinvestment Act (CRA) regulations, banks and savings associations not defined by those regulations as "small" must report the property location in all cases, even for properties located outside those MSAs in which they have a physical home or branch office (or outside of any MSA). The only exception to this rule is for property in a county with a population of 30,000 or less in the 2010 census. In that case, the bank or savings institution may enter either "NA" or the census tract number, at its option. See Appendix A (I.C).

Example: A bank subject to CRA with assets of \$3 billion receives an application for a loan on property located in a rural, non-MSA area. The bank must enter the property location as follows: for MSA, NA; for state, the correct state code; for county, the correct county code; and for census tract, the correct census tract number (unless the county has a population of 30,000 or less, in which case "NA" may be entered in the census tract field).

#### **Applicant Information**

- Ethnicity, race, and sex of the applicant. Report ethnicity, race, and sex both for loans that you originate and for loan applications that do not result in an origination. At your option, you may report those data for loans that you purchase. Report the data for the applicant and for the coapplicant, if there is one. If there is no co-applicant, use the numerical code for "no co-applicant" in the "coapplicant" column. For more information, see Appendix A (I.D), Appendix B, and comments 1003.4(a)(10)-1 through -8.
- Income of the applicant. If an application relates to a one- to-four-family dwelling, enter the total gross annual income your institution relied on in making the credit decision. For example, if your institution relied on an applicant's salary to compute a debt-to-income ratio, and also relied on the applicant's annual bonus to evaluate creditworthiness, report the salary and the bonus. Report the amount in thousands, rounded to the nearest thousand (\$500 should be rounded up to the next thousand).

		Applicant Information A = Applicant CA = Co-Applicant

A     •	2	2	3	2	1 2	40	0	
0 2 1 1 1 0 0	1	1	5	3	2 1	20	0	

#### Enter "NA" if

- your institution does not take the applicant's income into account,
- the loan or application is for a multifamily dwelling,
- the transaction is a loan purchase and you choose not to collect the information.
- the transaction is a loan to, or application from, an employee of your institution and you seek to protect the employee's privacy, even though you relied on his or her income, or
- the borrower or applicant is a corporation, partnership, or other entity that is not a natural person.

For more information, see Appendix A (I.D) and comments 1003.4(a)(10)-1 through -8.

#### Sale of the Loan

■ Type of purchaser. If you sell a loan in the same calendar year in which it was originated or purchased, you must identify the type of purchaser to whom it was sold. If the loan is sold to more than one purchaser, use the code for the entity purchasing the greatest interest. If you sell only a portion of the loan, retaining a majority interest, do not report the sale. If you do not sell the loan during the same calendar year, or if the application did not result in a loan origination, enter the code "0" (zero). For more information, see Appendix A (I.E), comments 1003.4(a)(11)-1 and -2.

#### **Reasons for Denial**

■ Recording reasons for denial is optional, except that institutions subject to OCC regulations in 12 C.F.R. 27.3(a)(1)(i) or 128.6, or FDIC regulations in 12 C.F.R. 390.147, must record the reasons for denial in accordance with the requirements of those regulations. You may provide as many as three reasons why a loan application was not approved. If your institution uses the model checklist provided by Regulation B to give reasons for credit denials, consult Appendix A (I.F) for guidance on which reasons correspond to the codes used in Regulation C. Leave this column blank if the "action taken" on the application is not a denial. For example, do not complete this column if the application was withdrawn or the file was closed for incompleteness.

#### **Loan Price and Lien Status**

Rate Spread. For a home purchase loan, a refinancing, or a dwellingsecured home improvement loan that you originated, report the spread (difference) between the annual percentage rate (APR) and the applicable average prime offer rate if the spread is equal to or greater than 1.5 percentage points for first-lien loans or 3.5 percentage points for subordinate-lien loans. Otherwise, report the code for "not applicable." For further instructions, consult Appendix A (I.G), and comments 1003.4(a)(12)(ii)-1 through -3. A calculator to aid you in determining what number, if any, to report in this field can be found at www.ffiec. gov/ratespread. If you create your own calculator, you may use the average prime offer rates in the tables "Average Prime Offer Rates—FIXED" and "Average Prime Offer Rates -ADJUSTABLE," available at www. ffiec.gov/ratespread/newcalc.

aspx or you may determine the appli-

- cable average prime offer rate using the Board's published Methodology Statement available at **www.ffiec. gov/ratespread/newcalchelp. aspx#4**.
- HOEPA Status. Report whether each loan you originated or purchased is covered by the Home Ownership and Equity Protection Act of 1994 (HOEPA), as implemented in Regulation Z (12 C.F.R. § 1026.32). For further guidance, see Appendix A (I.G.3). Coverage under HOEPA, which requires special disclosures and regulates the terms of covered loans, is determined by comparing a loan's APR and its points and fees to triggers specified in the regulation. See 12 C.F.R. § 1026.32(a) and (b).
- Lien Status. For every originated loan, report whether the loan is secured by a first or subordinate lien on a dwelling or is not secured by a dwelling. For every application that does not result in an origination, report whether the loan would be secured by a first or subordinate lien on a dwelling or would not be secured by a dwelling. Instructions can be found in Appendix A (I.H). Lien status is to be determined by reference to the best information readily available to the lender at the time of final action and to the lender's own procedures. For further guidance, see comment 1003.4(a)(14)-1.

# Sources of Geographic Information (Geocoding Tools)

To report geographic data accurately, your institution will need information about MSA/MD boundaries, which are defined by the Office of Management and Budget. You can find MSA/MD numbers by county in Appendix F. You can also obtain information on current and historical MSA/MD boundaries at **www.census.gov**: select Subjects A–Z, then M, then Metropolitan—see City, Town, or Metropolitan Area, then Metropolitan and Micropolitan Statistical Areas. Use the boundaries that were in effect on January 1 of the calendar year for which you are reporting.

A list of all valid census tract numbers in each MSA can be produced from the Census Windows Application (http://www.ffiec.gov/hmda/censusproducts.htm). The list will help ensure that you are using only valid census tract numbers; however, the list is not a tool for "geocoding" your HMDA data.

You may choose from various products available from the U.S. Census Bureau for determining the correct 2010 census tract number for a given property. The Census Bureau, however, is not able to assist in preparing the LAR.

# Do not use sources with 2000 census tract numbers.

To report geographic data, you will also need one or of the following tools:

- Census Tract Street Address Lookup Resources.
- Census Tract Outline Maps (Census 2010) along with an up-to-date local reference map,

# **Census Tract Street Address Lookup Resources**

Internet-based products permit you to look up a census tract number, given a street address:

- The U.S. Census Bureau's American FactFinder application, at http://factfinder.census.gov/.
- The FFIEC's application for HMDA and CRA reporters, at http://www.ffiec. gov/geocode/default.aspx.

Note: The U.S. Census Bureau offers a product called Landview® that provides maps and a look-up application. However, the U.S. Census Bureau does not plan to update the LandView® product using the 2010 census data.

#### **Census Tract Map Resources**

Census 2010 Tract Outline Maps. The Census Tract Outline Map (Census 2010) product provides map sheets in Adobe® Acrobat® PDF file format (see Figure 1). Map sheets are available from the U.S. Census Bureau Map Products Internet page at http://www.census.gov/geo/www/maps/CP\_MapProducts.htm.

The highly detailed maps are designed for a paper sheet size of 36 inches by 32 inches. In viewing the map images in PDF on the computer screen, the user can pan and zoom the image to locate the area of interest. Printing the entire map sheet on a much smaller sheet of paper will not provide a usable image. A user has three options for obtaining 36" x 32" copies:

■ Download a free PDF copy of a map and use a large format plotter capable of printing 36" x 32" sheets. The plotter should have a PostScript card to ensure accurate reproduction of the colors and patterns of the original map. Plotter specifications for an HP 1055cm are provided at the U.S. Census Bureau Map products Internet page (above).

#### Sources of Geographic Information (Geocoding Tools)

- Purchase the Census Tract Outline Map PDF files that contain the census 2010 Tract Map images for the entire country. These are the same maps available online for downloading.
- Purchase a 36" x 32" copy of a county and state map from the U.S. Census Bureau. The price is \$8.00 per map sheet, with a minimum order of 5 map sheets.

The maps show the boundaries and numbers of the census tracts as well as the named features underlying the boundaries. The outline maps do not show all

streets, street names, or address ranges within a census tract. Consequently, you may need to use the outline maps in combination with up-to-date local street maps.

# **Submitting** the LAR

## **Review and Contact Information**

An officer of your institution must review the completed LAR before submitting it to your processing agency (FFIEC). A checklist to assist the officer in the review appears in this *Guide* on page 23. A checklist for the person completing the LAR appears on the next page.

Verify that the transmittal sheet includes the name, e-mail address, and telephone and facsimile numbers of a person at your institution who can answer questions about the report. Also verify that the transmittal sheet gives a record count of the total number of line entries on that particular submission. (If your institution has to resubmit data for any reason, the record count on the transmittal sheet must correspond to that submission.) A completed transmittal sheet must be part of your HMDA package whether you are required to submit the loan data in automated format or are permitted to submit it in paper form.

Remember that if your institution keeps separate registers for different branches or for different types of loans, all registers must be consolidated before submitting your data to the processor (FFIEC).

#### Checklists for Completing and Reviewing the LAR

#### **Checklist for Person Completing the LAR**

An officer must review the accuracy of the LAR. Before presenting the data to the reviewing officer for signature, review the following checklist and make sure the answer to every question is "yes." Also review the checklist provided on the next page for the reviewing officer.

#### Checklists for Completing and Reviewing the LAR

### **Checklist for the Reviewing Officer** An officer must review the accuracy of the LAR. The following checklist will help you in this review. The answer to each of questions 2-8 must be "yes." YES NO 1. Has your institution acquired or merged with another institution during the reporting year? If so, refer to pages 5-6 of this Guide..... 2. If you report more than 25 entries, has your institution's loan/application register been prepared in an automated format, using the correct format for automated reports, and following the instructions from the Consumer Financial Protection Bureau?.... 3. Does your LAR use the same column headings in the same order as on the LAR provided in Appendix A to this Guide? (Column headings may be abbreviated, so long as the meaning remains clear.) ..... 4. Does the register include the consolidated loan data from all of your institution's divisions or branches (including loans and applications handled by your commercial loan division, if applicable)? 5. Does the register exclude loan data from any subsidiaries of your institution (which must report separately)? ..... 6. Does the register list the MSA or MD number, state and county codes, and 2010 census tract numbers for all entries for properties located in MSAs or MDs where you have a home or a branch office? ..... 7. Are all the census tract numbers on the register from the 2010 census tract series? 8. If your institution is required under Community Reinvestment Act regulations to report property location outside MSAs or MDs where you have offices, have these data been entered?.....

## Submitting the LAR

#### **Editing the Data**

Before submission, the data must be checked using edits supplied by the FFIEC. The edits are included in the agency-supplied data entry software, and are also available at **www.ffiec.gov/hmda/edits.htm**. You may use equivalent edits incorporated in software you have purchased from vendors or have developed in-house.

Visit the HMDA web site (www.ffiec.gov/hmda), or e-mail HMDAHelp@frb.gov for more information about the edits.

#### **Transmitting the Data**

A separate and complete LAR shall be transmitted for each institution. For example, submit one LAR for a bank and a separate LAR for a subsidiary of the bank (see Regulation C, § 1003.5(a)(2)).

Institutions that report 25 or fewer entries on their LAR may report the data in paper form. All others must submit HMDA reports in an automated, machine-readable form. To facilitate automated reporting, the agencies provide HMDA data entry software that can be downloaded free of charge from the FFIEC website (www.ffiec.gov/hmda/softinfo.htm).

Submission via Web is the most secure and convenient form for transmitting HMDA data. You must first install the free FFIEC HMDA data entry software. When you are ready to submit your data, complete the following two primary steps: (1) choose the "Export" option from the Front Page of the software; (2) choose the "Submission via Web" option from the next screen to transmit the HMDA data to your regulatory agency in *ONE* step. (See the software "Help" files for more information).

Internet e-mail of an encrypted file (HRID Agency Year.ENC) is an acceptable method of automated transmission. When you are ready to submit your data. choose the "Export" option from the Front Page of the software. Next, choose the "Export to Regulatory Agency via Internet e-mail" option. Complete the steps as directed and follow the instructions to prepare your HMDA submission for transmission over the Internet (see "Preparing the Submission for Internet E-mail Transmission" found in the FFIEC HMDA data entry software). The Internet e-mail address to submit the data to is HMDASUB@frb. gov. (Use of any other export option or Internet Submission product will result in the creation of a submission that is NOT acceptable for submission via e-mail.) Detailed instructions for Internet e-mail submission and file encryption of the HMDA data are included with the file formats on the web (www.ffiec.gov/hmda/ fileformats.htm).

The other acceptable methods of automated transmission are diskette and CD-ROM pursuant to the applicable technical specifications. The technical specifications for all HMDA respondents can be found on the FFIEC web site (www.ffiec.gov/hmda/fileformats.htm).

#### **Resubmitting the Data**

An institution is expected to submit valid and accurate HMDA data that have been checked using edits approved for the particular calendar year. If an institution is to resubmit its data, it should send a complete resubmission; it should not send partial resubmissions.

## Submitting the LAR

If you are resubmitting, then, after you correct your data, follow the same steps you would in creating your initial submission (batch edit, export data, transmit data, receive edit report and sign off on the confirmation sheet).

Transmit the entire corrected file using Submission via Web, Internet e-mail, CD-ROM, or diskette. (See the discussion on Submission via Web and Internet e-mail transmissions on page 24.) For transmission options other than Submission via Web, clearly mark your resubmission as a "Complete Resubmission of CCYY data." Also include the reason for your resubmission along with the other information asked for in the Internet e-mail, diskette, or CD-ROM file specifications (for example, respondent name, identification number, agency code, processing year, contact name, phone number, LAR count being transmitted, etc.).

If you choose the Internet e-mail option to transmit your data, send a complete resubmission to **HMDASUB@frb.gov**. If you choose the diskette or CD-ROM option, mail (preferably overnight) the file to:

Federal Reserve Board Attention: HMDA Processing, (Enter Agency: OCC, FRS, FDIC, CFPB, NCUA, or HUD) 20<sup>th</sup> and Constitution Avenue MS N502 Washington, DC 20551-0001

# **Disclosing** the **Data**

#### **Disclosure of a Modified LAR**

Institutions must make their LAR data modified to protect privacy interests of applicants and borrowers—available to the public upon request in electronic or printed form. Three fields must be deleted before disclosure to the public: the application or loan number; the date the application was received; and the date the action was taken. Aside from those three modifications, Regulation C does not permit deletions. Nor does Regulation C require any changes to the format or order of the data before their disclosure. Nevertheless, institutions are strongly encouraged to make the data available in census tract order, if possible.

A modified register must be available no later than March 31 for requests made on or before March 1 following the year to which the data relate, and within 30 days for requests made after March 1. The modified register must continue to be made available to the public for three years.

# **Disclosure Statements Prepared by the FFIEC**

Using data from each institution's LAR, the FFIEC will prepare and post to the Internet (**www.ffiec.gov/hmda**) a series of tables that will comprise the institution's disclosure statement.

An institution must make the statement available to the public for inspection and copying at its home office in printed or electronic form within three business days of the disclosure statement's posting to the Internet. In addition, if an institution has branch offices in other MSAs/MDs, it must make available an MSA/MD-specific disclosure in one of two ways:

- by making the statement available in at least one branch office in every MSA/MD other than the MSA/MD of the home office, within ten business days of receipt from the FFIEC, or
- by posting an address for requesting copies in the lobby of every branch office in an MSA/MD (other than branches in the MSA/MD of the home office) and responding to written requests within fifteen calendar days.

The institution may charge a reasonable fee to cover costs incurred.

The disclosure statement must remain available to the public for five years, and an institution must post a notice about its availability in the lobby of its home office and each branch office located in an MSA/MD. See the suggested text for the poster in comment 1003.5(e)-1 (Notice of availability–Poster–suggested text).

## Aggregate Tables Prepared by the FFIEC

In addition to preparing individual disclosure statements, the FFIEC will combine the HMDA data submitted by all reporting institutions and produce aggregate tables for each MSA/MD. The FFIEC will also produce tables for each MSA/MD showing the lending patterns according to demographic characteristics provided by the Census Bureau, such as income levels.

The FFIEC will make available copies of the individual disclosure statements, MSA/MD aggregate tables, and other HMDA data products on the FFIEC web site, www.ffiec.gov/hmda.

#### **Glossary**

**Branch office.** For banks, savings associations, and credit unions, a branch office is an office approved as a branch by a supervisory agency. For credit unions, a branch office is any office where member accounts are established or loans are made, whether or not the office has been approved as a branch by a federal or state agency. A branch office does not include offices of affiliates or loan brokers, loan production offices, or ATMs and other electronic terminals.

For mortgage companies and other non-depository institutions, a branch office is an office where the institution takes applications from the public for home purchase or home improvement loans or refinancings. Those institutions also are considered to have a branch office in any MSA/MD where, in the preceding year, they received applications for, originated, or purchased five or more home purchase or home improvement loans or refinancings (whether or not they had a physical office there). A branch office does not include the office of an affiliate or other third party, such as a loan broker.

Census tract. A census tract is a small geographic area. Census 2000 and 2010 both assigned census tract numbers to all areas of the U.S. and some U.S. territories and possessions. Census tract numbers are unique within a county. Census 2000 has been superseded by Census 2010. Accordingly, institutions should use census tract numbers from the Census 2010 series.

**Dwelling.** Dwelling means any residential structure, whether or not attached to real property. It includes vacation or second homes and rental properties; multifamily as well as one- to-four-family structures; individual condominium and cooperative units; and manufactured homes. It

excludes recreational vehicles such as boats and campers, and transitory residences such as hotels, hospitals, and college dormitories.

Home improvement loan. A home improvement loan is: (a) any dwelling-secured loan to be used, at least in part, for repairing, rehabilitating, remodeling, or improving a dwelling or the real property on which the dwelling is located; and (b) any loan not secured by a lien on a dwelling—that is: (i) to be used, at least in part, for one or more of those purposes, and (ii) is classified as a home improvement loan by the institution.

**Home purchase loan.** A home purchase loan is any loan secured by and made for the purpose of purchasing a dwelling. See the definition of "dwelling."

**LAR.** The term LAR refers to the loan/application register format that has been prescribed for reporting HMDA data. Computer-generated reports must conform to the format of the LAR.

**MD**. MD stands for "metropolitan division." A metropolitan division is a subset of an MSA having a single core with a population of 2.5 million or more. For reporting and disclosure purposes of HMDA, an MD is the relevant geography, not the MSA of which it is a division.

MSA. MSA stands for "metropolitan statistical area." For purposes of HMDA, the term is interchangeable with "metropolitan area." The underlying concept of an MSA is that of a core area containing a large population nucleus, together with adjacent communities having a high degree of economic and social integration with that core. MSAs are composed of entire counties or county equivalents. Every MSA has at least one urbanized area with a population of 50,000 or more.

#### **Glossary**

**Refinancing.** A refinancing is any dwelling-secured loan that replaces and satisfies another dwelling-secured loan to the same borrower. The purpose of the loan being refinanced is not relevant to determining whether the new loan is a refinancing for HMDA purposes. Nor is the borrower's intended use of any additional cash borrowed relevant to determining whether the loan is a refinancing, though the borrower's intended use of the funds could make the transaction a home improvement loan or a home purchase loan. See the definitions of "home purchase loan" and "home improvement loan." Also see the rule on multipurpose loans on page 12.

Form and Instructions for Completion of HMDA Loan/Application Register

## Paperwork Reduction Act Notice

This report is required by law (12 U.S.C. 2801-2810 and 12 C.F.R. 1003). #### G. Pricing-Related Data.

#### 1. Rate Spread.

 a. For a home-purchase loan, a refinancing, or a dwellingsecured home improvement loan that you originated, report the spread between the annual percentage rate (APR) and the average prime offer rate for a comparable transaction if the spread is equal to or greater than 1.5 percentage points for first-lien loans or 3.5 percentage points for subordinate-lien loans. To determine whether the rate spread meets this threshold, use the average prime offer rate in effect for the type of transaction as of the date the interest rate was set. and use the APR for the loan, as calculated and disclosed to the consumer under § § 1026.6 or 1026.18, as applicable, of Regulation Z (12 C.F.R. part 1026). Current and historic average prime offer rates are set forth in the tables published on the FFIFC's web site (http://www.ffiec.gov/hmda) entitled "Average Prime Offer Rates-Fixed" and "Average Prime Offer Rates—Adjustable." Use the most recently available average prime offer rate. "Most recently available" means the average prime offer rate set forth in the applicable table with the most recent effective date as of the date the interest rate was set. Do not use an average prime offer rate before its effective date.

- b. If the loan is not subject to Regulation Z, or is a home improvement loan that is not dwelling-secured, or is a loan that you purchased, enter "NA."
- c. Enter "NA" in the case of an application that does not result in a loan origination.
- d. Enter the rate spread to two decimal places, and use a

Form and Instructions for Completion of HMDA Loan/ Application Register

- leading zero. For example, enter 03.29. If the difference between the APR and the average prime offer rate is a figure with more than two decimal places, round the figure or truncate the digits beyond two decimal places.
- e. If the difference between the APR and the average prime offer rate is less than 1.5 percentage points for a first-lien loan and less than 3.5 percentage points for a subordinate-lien loan, enter "NA."

#### 2. Date the Interest Rate was

Set. The relevant date to use to determine the average prime offer rate for a comparable transaction is the date on which the loan's interest rate was set by the financial institution for the final time before closing. If an interest rate is set pursuant to a "lock-in" agreement between the lender and the borrower, then the date on which the agreement fixes the interest rate is the date the rate was set. If a rate is re-set after a lock-in agreement is executed (for example, because the borrower exercises a float-down option or the agreement expires), then the relevant date is the date the rate is re-set for the final time before closing. If no lock-in agreement is executed, then the relevant date is the date on which the institution sets the rate for the final time before closing.

#### 3. HOEPA Status.

 a. For a loan that you originated or purchased that is subject to the Home Ownership and Equity Protection Act of 1994

- (HOEPA), as implemented in Regulation Z (12 C.F.R. 1026.32), because the APR or the points and fees on the loan exceed the HOEPA triggers, enter Code 1.
- b. Enter Code 2 in all other cases. For example, enter Code 2 for a loan that you originated or purchased that is not subject to the requirements of HOEPA for any reason; also enter Code 2 in the case of an application that does not result in a loan origination.

#### H. Lien Status.

Use the following Codes for loans that you originate and for applications that do not result in an origination:

Code 1—Secured by a first lien.
Code 2—Secured by a subordinate lien.

Code 3—Not secured by a lien. Code 4—Not applicable (purchased loan).

- a. Use Codes 1 through 3
   for loans that you originate, as
   well as for applications that
   do not result in an origination
   (applications that are approved
   but not accepted, denied,
   withdrawn, or closed for
   incompleteness).
- b. Use Code 4 for loans that you purchase.

#### I. Instructions on Collection of Data on Ethnicity, Race, and Sex

You may list questions regarding the ethnicity, race, and sex of the applicant on your loan application form, or on a separate form that refers to the application. (See the sample form below for model language.)

#### **II. Procedures**

- A. You must ask the applicant for this information (but you cannot require the applicant to provide it) whether the application is taken in person, by mail or telephone, or on the internet. For applications taken by telephone, the information in the collection form must be stated orally by the lender, except for that information which pertains uniquely to applications taken in writing.
- B. Inform the applicant that the Federal government requests this information in order to monitor compliance with Federal statutes that prohibit lenders from discriminating against applicants on these bases. Inform the applicant that if the information is not provided where the application is taken in person, you are required to note the data on the basis of visual observation or surname.

- **C.** You must offer the applicant the option of selecting one or more racial designations.
- D. If the applicant chooses not to provide the information for an application taken in person, note this fact on the form and then note the applicant's ethnicity, race, and sex on the basis of visual observation and surname, to the extent possible.
- E. If the applicant declines to answer these questions or fails to provide the information on an application taken by mail or telephone or on the internet, the data need not be provided. In such a case, indicate that the application was received by mail, telephone, or internet, if it is not otherwise evident on the face of the application.

## Section 1003.1 Authority, purpose, and scope.

(a) **Authority.** This part, known as Regulation C, is issued by the Bureau of Consumer Financial Protection (Bureau) pursuant to the Home Mortgage Disclosure Act (HMDA) (12 U.S.C. 2801 et seg.), as amended. The information-collection requirements have been approved by the U.S. Office of Management and Budget (OMB) under 44 U.S.C. 3501 et seg. and have been assigned OMB numbers for institutions reporting data to the Office of the Comptroller of the Currency (1557-0159), the Federal Deposit Insurance Corporation (3064-0046), the Federal Reserve System (7100-0247), the Department of Housing and Urban Development (HUD) (2502-0529), the National Credit Union Administration (3133-0166), and the Bureau of Consumer Fiancial Protection (3170-0008).

#### (b) Purpose.

(1) This part implements the Home Mortgage Disclosure Act, which is

intended to provide the public with loan data that can be used:

- (i) To help determine whether financial institutions are serving the housing needs of their communities;
- (ii) To assist public officials in distributing public-sector investment so as to attract private investment to areas where it is needed; and
- (iii) To assist in identifying possible discriminatory lending patterns and enforcing antidiscrimination statutes.
- (2) Neither the act nor this part is intended to encourage unsound lending practices or the allocation of credit.
- (c) **Scope.** This part applies to certain financial institutions, including banks, savings associations, credit unions, and other mortgage lending institutions, as defined in § 1003.2. The regulation requires an institution to report data to the appropriate Federal agency about home purchase loans, home improvement loans, and refinancings that it originates or purchases, or for which it receives applications; and to disclose certain data to the public.

#### **Section 1003.2 Definitions.**

In this part:

(a) **Act** means the Home Mortgage Disclosure Act (HMDA) (12 U.S.C. 2801 *et seq.*), as amended.

#### (b) Application.

(1) *In general.* Application means an oral or written request for a home purchase loan, a home improvement loan, or a refinancing that is made in accordance with procedures used by a financial institution for the type of credit requested.

- (2) **Preapproval programs.** A request for preapproval for a home purchase loan is an application under this section if the request is reviewed under a program in which the financial institution, after a comprehensive analysis of the creditworthiness of the applicant, issues a written commitment to the applicant valid for a designated period of time to extend a home purchase loan up to a specified amount. The written commitment may not be subject to conditions other than:
  - (i) Conditions that require the identification of a suitable property;
  - (ii) Conditions that require that no material change has occurred in the applicant's financial condition or creditworthiness prior to closing; and
  - (iii) Limited conditions that are not related to the financial condition or creditworthiness of the applicant that the lender ordinarily attaches to a traditional home mortgage application (such as certification of a clear termite inspection).

#### (c) Branch office means:

- (1) Any office of a bank, savings association, or credit union that is approved as a branch by a Federal or State supervisory agency, but excludes free-standing electronic terminals such as automated teller machines; and
- (2) Any office of a for-profit mortgagelending institution (other than a bank, savings association, or credit union) that takes applications from the public for home purchase loans, home improvement loans, or refinancings. A for-profit mortgage-lending institution is also deemed to have a branch office in an MSA or in a Metropolitan Division, if, in the preceding calendar year, it received applications for, originated, or purchased five or more home purchase

loans, home improvement loans, or refinancings related to property located in that MSA or Metropolitan Division, respectively.

(d) **Dwelling** means a residential structure (whether or not attached to real property) located in a State of the United States of America, the District of Columbia, or the Commonwealth of Puerto Rico. The term includes an individual condominium unit, cooperative unit, or mobile or manufactured home.

#### (e) Financial institution means:

- (1) A bank, savings association, or credit union that:
  - (i) On the preceding December 31 had assets in excess of the asset threshold established and published annually by the Bureau for coverage by the act, based on the year-to-year change in the average of the Consumer Price Index for Urban Wage Earners and Clerical Workers, not seasonally adjusted, for each twelve month period ending in November, with rounding to the nearest million;
  - (ii) On the preceding December 31, had a home or branch office in a MSA;
  - (iii) In the preceding calendar year, originated at least one home purchase loan (excluding temporary financing such as a construction loan) or refinancing of a home purchase loan, secured by a first lien on a one- to four-family dwelling; and
  - (iv) Meets one or more of the following three criteria:
    - (A) The institution is Federally insured or regulated;
    - (B) The mortgage loan referred to in paragraph (1)(iii) of this definition

- (h) **Home purchase loan** means a loan secured by and made for the purpose of purchasing a dwelling.
- (i) **Manufactured home** means any residential structure as defined under regulations of the Department of Housing and Urban Development establishing manufactured home construction and safety standards (24 C.F.R. 3280.2).

- (2) Metropolitan Division or MD means a metropolitan division of an MSA, as defined by the U.S. Office of Management and Budget.
- (k) **Refinancing** means a new obligation that satisfies and replaces an existing obligation by the same borrower, in which:

(2) For reporting purposes, both the existing obligation and the new obligation are secured by liens on dwellings.

## Section 1003.3 Exempt institutions.

#### (a) Exemption based on state law.

- (1) A state-chartered or state-licensed financial institution is exempt from the requirements of this part if the Bureau determines that the institution is subject to a state disclosure law that contains requirements substantially similar to those imposed by this part and that contains adequate provisions for enforcement.
- (2) Any state, state-chartered or state-licensed financial institution, or association of such institutions, may apply to the Bureau for an exemption under paragraph (a) of this section.

## Section 1003.4 Compilation of loan data.

(a) **Data format and itemization.** A financial institution shall collect data regarding applications for, and originations and purchases of, home purchase loans, home improvement loans, and refinancings for each calendar year. An institution is required to collect data regarding requests under a preapproval program

(as defined in § 1003.2) only if the preapproval request is denied or results in the origination of a home purchase loan. All reportable transactions shall be recorded, within thirty calendar days after the end of the calendar quarter in which final action is taken (such as origination or purchase of a loan, or denial or withdrawal of an application), on a register in the format prescribed in Appendix A of this part. The data recorded shall include the following items:

- (1) An identifying number for the loan or loan application, and the date the application was received.
  - (2) The type of loan or application.
- (3) The purpose of the loan or application.
- (4) Whether the application is a request for preapproval and whether it resulted in a denial or in an origination.
- (5) The property type to which the loan or application relates.

- (11) The type of entity purchasing a loan that the institution originates or purchases and then sells within the same calendar year (this information need not be included in quarterly updates).
  - (12)(i) For originated loans subject to Regulation Z, 12 C.F.R. part 1026, the difference between the loan's annual percentage rate (APR) and the average prime offer rate for a comparable transaction as of the date the interest rate is set, if that difference is equal to or greater than 1.5 percentage points for loans secured by a first lien on a dwelling, or equal to or greater than 3.5 percentage points for loans secured by a subordinate lien on a dwelling.
  - (ii) "Average prime offer rate" means an annual percentage rate that is derived from average interest rates, points, and other loan pricing terms currently offered to consumers by a representative sample of creditors for mortgage loans that have low-risk pricing characteristics. The Bureau publishes average prime offer rates for a broad range of types of transactions in tables updated at least weekly, as well as the methodology the Bureau uses to derive these rates.
- (13) Whether the loan is subject to the Home Ownership and Equity Protection Act of 1994, as implemented in Regulation Z (12 C.F.R. 1026.32).

- (3) Home-equity lines of credit made in whole or in part for the purpose of home improvement or home purchase.
- (d) **Excluded data.** A financial institution shall not report:
- (1) Loans originated or purchased by the financial institution acting in a fiduciary capacity (such as trustee);
  - (2) Loans on unimproved land;
- (3) Temporary financing (such as bridge or construction loans);
- (4) The purchase of an interest in a pool of loans (such as mortgage-participation certificates, mortgage-backed securities, or real estate mortgage investment conduits);

## required to report data on small business, small farm, and community development lending under CRA.

Banks and savings associations that are required to report data on small business, small farm, and community development lending under regulations that implement the Community Reinvestment Act of 1977 (12 U.S.C. 2901 et seq.) shall also collect the location of property located outside MSAs and Metropolitan Divisions in which the institution has a home or branch office, or outside any MSA.

## **Section 1003.5 Disclosure and reporting.**

- (a) Reporting to agency.
- (1) By March 1 following the calendar year for which the loan data are compiled, a financial institution shall send its complete loan/application register to the agency office specified in Appendix A of this part. The institution shall retain a copy for its records for at least three years.
- (2) A subsidiary of a bank or savings association shall complete a separate loan/application register. The subsidiary shall submit the register, directly or through its parent, to the agency as its parent.
  - (b) Public disclosure of statement.
- (1) The Federal Financial Institutions Examination Council (FFIEC) will prepare a disclosure statement from the data each financial institution submits.
- (2) An institution shall make its disclosure statement (prepared by the FFIEC) available to the public at the institution's home office no later than three business days after receiving the disclosure statement from the FFIEC.
  - (3) In addition, an institution shall either:

- (i) Make its disclosure statement available to the public, within ten business days of receiving it, in at least one branch office in each other MSA and each other Metropolitan Division where the institution has offices (the disclosure statement need only contain data relating to the MSA or Metropolitan Division where the branch is located); or
- (ii) Post the address for sending written requests in the lobby of each branch office in other MSAs and Metropolitan Divisions where the institution has offices; and mail or deliver a copy of the disclosure statement within fifteen calendar days of receiving a written request (the disclosure statement need only contain data relating to the MSA or Metropolitan Division for which the request is made). Including the address in the general notice required under paragraph (e) of this section satisfies this requirement.
- (c) Public disclosure of modified loan/application register. A financial institution shall make its loan/application register available to the public after removing the following information regarding each entry: the application or loan number, the date that the application was received, and the date action was taken. An institution shall make its modified register available following the calendar year for which the data are compiled, by March 31 for a request received on or before March 1, and within thirty calendar days for a request received after March 1. The modified register need only contain data relating to the MSA and Metropolitan Division for which the request is made.
- (d) **Availability of data.** A financial institution shall make its modified register available to the public for a period of three years and its disclosure statement available for a period of five years. An institution shall make the data available for

Disclosure

inspection and copying during the hours the office is normally open to the public for business. It may impose a reasonable fee for any cost incurred in providing or reproducing the data.

- (e) **Notice of availability.** A financial institution shall post a general notice about the availability of its HMDA data in the lobby of its home office and of each branch office located in a MSA and Metropolitan Division. An institution shall provide promptly upon request the location of the institution's offices where the statement is available for inspection and copying, or it may include the location in the lobby notice.
- (f) Loan aggregation and central data depositories. Using the loan data submitted by financial institutions, the FFIEC will produce reports for individual institutions and reports of aggregate data for each MSA and Metropolitan Division, showing lending patterns by property location, age of housing stock, and income level, sex, ethnicity, and race. These reports will be available to the public at central data depositories located in each MSA and Metropolitan Division. A listing of central data depositories can be obtained from the Federal Financial Institutions Examination Council, Washington, D.C. 20006.

#### Section 1003.6 Enforcement.

(a) **Administrative enforcement.** A violation of the act or this part is subject

to administrative sanctions as provided in section 305 of the Act, including the imposition of civil money penalties, where applicable. Compliance is enforced by the agencies listed in section 305(b) of the act (12 U.S.C. 2804).

#### (b) Bona fide errors.

- (1) An error in compiling or recording loan data is not a violation of the act or this part if the error was unintentional and occurred despite the maintenance of procedures reasonably adapted to avoid such errors.
- (2) An incorrect entry for a census tract number is deemed a *bona fide* error, and is not a violation of the act or this part, provided that the institution maintains procedures reasonably adapted to avoid such errors.
- (3) If an institution makes a good-faith effort to record all data concerning covered transactions fully and accurately within thirty calendar days after the end of each calendar quarter, and some data are nevertheless inaccurate or incomplete, the error or omission is not a violation of the act or this part provided that the institution corrects or completes the information prior to submitting the loan/application register to its regulatory agency.

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C

#### Introduction

1. **Status.** The commentary in this supplement is the vehicle by which the Bureau of Consumer Financial Protection issues formal staff interpretations of Regulation C (12 C.F.R. part 1003).

## Section 1003.1—Authority, Purpose, and Scope

- 1(c) Scope.
- 1. **General.** The comments in this section address issues affecting coverage of institutions and exemptions from coverage.
- 2. The broker rule and the meaning of "broker" and "investor." For the purposes of the guidance given in this commentary, an institution that takes and processes a loan application and arranges for another institution to acquire the loan at or after closing is acting as a "broker," and an institution that acquires a loan from a broker at or after closing is acting as an "investor." (The terms used in this commentary may have different meanings in certain parts of the mortgage lending industry, and other terms may be used in place of these terms, for example in the Federal Housing Administration mortgage insurance programs.) Depending on the facts, a broker may or may not make a credit decision on an application (and thus it may or may not have reporting responsibilities). If the broker makes a credit decision, it reports that decision; if it does not make a credit decision, it does not report. If an investor reviews an application and makes a credit decision prior to closing, the investor reports that decision. If the investor does not review the application prior to closing, it reports only the loans that it purchases; it does not report the loans it does not purchase. An institution that makes a credit decision on an application prior to closing reports that decision

regardless of whose name the loan closes in.

3. **Illustrations of the broker rule.** Assume that, prior to closing, four investors receive the same application from a broker; two deny it, one approves it, and one approves it and acquires the loan. In these circumstances, the first two report denials, the third reports the transaction as approved but not accepted, and the fourth reports an origination (whether the loan closes in the name of the broker or the investor). Alternatively, assume that the broker denies a loan before sending it

to an investor; in this situation, the broker

reports a denial.

- 4. Broker's use of investor's underwriting criteria. If a broker makes a credit decision based on underwriting criteria set by an investor, but without the investor's review prior to closing, the broker has made the credit decision. The broker reports as an origination a loan that it approves and closes, and reports as a denial an application that it turns down (either because the application does not meet the investor's underwriting guidelines or for some other reason). The investor reports as purchases only those loans it purchases.
- 5. **Insurance and other criteria.** If an institution evaluates an application based on the criteria or actions of a third party other than an investor (such as a government or private insurer or guarantor), the institution must report the action taken on the application (loan originated, approved but not accepted, or denied, for example).
- 6. Credit decision of agent is decision of principal. If an institution approves loans through the actions of an agent, the institution must report the action taken on the application (loan originated, approved but not accepted, or denied, for example). State law determines

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C whether one party is the agent of another.

- 7. Affiliate bank underwriting (250.250 review). If an institution makes an independent evaluation of the creditworthiness of an applicant (for example, as part of a preclosing review by an affiliate bank under 12 C.F.R. 250.250, a regulation of the Board of Governors of the Federal Reserve System that interprets section 23A of the Federal Reserve Act), the institution is making a credit decision. If the institution then acquires the loan, it reports the loan as an origination whether the loan closes in the name of the institution or its affiliate. An institution that does not acquire the loan but takes some other action reports that action.
- 8. **Participation loan.** An institution that originates a loan and then sells partial interests to other institutions reports the loan as an origination. An institution that acquires only a partial interest in such a loan does not report the transaction even if it has participated in the underwriting and origination of the loan.
- 9. **Assumptions.** An assumption occurs when an institution enters into a written agreement accepting a new borrower as the obligor on an existing obligation. An institution reports an assumption (or an application for an assumption) as a home purchase loan in the amount of the outstanding principal. If a transaction does not involve a written agreement between a new borrower and the institution, it is not an assumption for HMDA purposes and is not reported.

#### Section 1003.2—Definitions

#### Application.

1. **Consistency with Regulation B.** Bureau interpretations that appear in the official staff commentary to Regulation B (Equal Credit Opportunity, 12 C.F.R.

- part 1002, Supplement I) are generally applicable to the definition of an application under Regulation C. However, under Regulation C the definition of an application does not include prequalification requests.
- 2. Prequalification. A prequalification request is a request by a prospective loan applicant (other than a request for preapproval) for a preliminary determination on whether the prospective applicant would likely qualify for credit under an institution's standards, or for a determination on the amount of credit for which the prospective applicant would likely qualify. Some institutions evaluate pregualification requests through a procedure that is separate from the institution's normal loan application process; others use the same process. In either case, Regulation C does not require an institution to report prequalification requests on the HMDA/ LAR, even though these requests may constitute applications under Regulation B for purposes of adverse action notices.
- 3. **Requests for preapproval.** To be a covered preapproval program, the written commitment issued under the program must result from a full review of the creditworthiness of the applicant. including such verification of income, resources, and other matters as is typically done by the institution as part of its normal credit evaluation program. In addition to conditions involving the identification of a suitable property and verification that no material change has occurred in the applicant's financial condition or creditworthiness, the written commitment may be subject only to other conditions (unrelated to the financial condition or creditworthiness of the applicant) that the lender ordinarily attaches to a traditional home mortgage application approval. These conditions are limited to conditions such as requiring an acceptable title insurance binder or a certificate indicat-

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C ing clear termite inspection, and, in the case where the applicant plans to use the proceeds from the sale of the applicant's present home to purchase a new home, a settlement statement showing adequate proceeds from the sale of the present home.

#### Branch office.

- 1. **Credit union.** For purposes of Regulation C, a "branch" of a credit union is any office where member accounts are established or loans are made, whether or not the office has been approved as a branch by a Federal or State agency. (See 12 U.S.C. 1752.)
- 2. **Depository institution.** A branch of a depository institution does not include a loan production office, the office of an affiliate, or the office of a third party such as a loan broker. (But see Appendix A, paragraph I.C.6, which requires certain depository institutions to report property location even for properties located outside those MSAs or Metropolitan Divisions in which the institution has a home or branch office.)
- 3. **Nondepository institution.** For a nondepository institution, "branch office" does not include the office of an affiliate or other third party such as a loan broker. (But note that certain nondepository institutions must report property location even in MSAa or Metropolitan Divisions where they do not have a physical location.)

#### Dwelling.

- 1. **Coverage.** The definition of "dwelling" is not limited to the principal or other residence of the applicant or borrower, and thus includes vacation or second homes and rental properties. A dwelling also includes a multifamily structure such as an apartment building.
  - 2 **Exclusions.** Recreational vehicles

such as boats or campers are not dwellings for purposes of HMDA. Also excluded are transitory residences such as hotels, hospitals, and college dormitories, whose occupants have principal residences elsewhere.

#### Financial Institution.

1. **General.** An institution that met the test for coverage under HMDA in year 1, and then ceases to meet the test (for example, because its assets fall below the threshold on December 31 of year 2), stops collecting HMDA data beginning with year 3. Similarly, an institution that did not meet the coverage test for a given year, and then meets the test in the succeeding year, begins collecting HMDA data in the calendar year following the vear in which it meets the test for coverage. For example, a for-profit mortgage lending institution (other than a bank, savings association, or credit union) that, in year 1, falls below the thresholds specified in the definition of Financial institution in § 1003.2, but meets one of them in year 2, need not collect data in year 2, but begins collecting data in year 3.

## 2. Adjustment of exemption threshold for depository institutions.

For data collection in 2013, the asset-size exemption threshold is \$42 million. Depository institutions with assets at or below \$42 million as of December 31, 2012 are exempt from collecting data for 2013.

- 3. **Coverage after a merger.** Several scenarios of data-collection responsibilities for the calendar year of a merger are described below. Under all the scenarios, if the merger results in a covered institution, that institution must begin data collection January 1 of the following calendar year.
  - i. Two institutions are not covered by Regulation C because of asset size.

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C The institutions merge. No data collection is required for the year of the merger (even if the merger results in a covered institution).

- ii. A covered institution and an exempt institution merge. The covered institution is the surviving institution. For the year of the merger, data collection is required for the covered institution's transactions. Data collection is optional for transactions handled in offices of the previously exempt institution.
- iii. A covered institution and an exempt institution merge. The exempt institution is the surviving institution, or a new institution is formed. Data collection is required for transactions of the covered institution that take place prior to the merger. Data collection is optional for transactions taking place after the merger date.
- iv. Two covered institutions merge. Data collection is required for the entire year. The surviving or resulting institution files either a consolidated submission or separate submissions for that year.
- 4. **Originations.** HMDA coverage depends in part on whether an institution has originated home purchase loans. To determine whether activities with respect to a particular loan constitute an origination, institutions should consult, among other parts of the staff commentary, the discussion of the broker rule under §§ 1003.1(c) and 1003.4(a).
- 5. **Branches of foreign banks— treated as banks.** A Federal branch or a State-licensed insured branch of a foreign bank is a "bank" under section 3(a)(1) of the Federal Deposit Insurance Act (12 U.S.C. 1813(a)), and is covered by

HMDA if it meets the tests for a depository institution found in § 1003.2 of Regulation C.

6 Branches and offices of foreign banks-treated as for-profit mortgage lending institutions. Federal agencies, State-licensed agencies, Statelicensed uninsured branches of foreign banks, commercial lending companies owned or controlled by foreign banks, and entities operating under section 25 or 25A of the Federal Reserve Act, 1 2 U.S.C. 601 and 611 (Edge Act and agreement corporations) are not "banks" under the Federal Deposit Insurance Act. These entities are nonetheless covered by HMDA if they meet the tests for a for-profit nondepository mortgage lending institution found in § 1003.2 of Regulation C.

#### Home improvement loan.

- 1. Classification requirement for loans not secured by a lien on a dwelling. An institution has "classified" a loan that is not secured by a lien on a dwelling as a home improvement loan if it has entered the loan on its books as a home improvement loan, or has otherwise coded or identified the loan as a home improvement loan. For example, an institution that has booked a loan or reported it on a "call report" as a home improvement loan has classified it as a home improvement loan. An institution may also classify loans as home improvement loans in other ways (for example, by color-coding loan files).
- 2. **Improvements to real property.** Home improvements include improvements both to a dwelling and to the real property on which the dwelling is located (for example, installation of a swimming pool, construction of a garage, or landscaping).

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C

- 3. Commercial and other loans.
- A home improvement loan may include a loan originated outside an institution's residential mortgage lending division (such as a loan to improve an apartment building made through the commercial loan department).
- 4. **Mixed-use property.** A loan to improve property used for residential and commercial purposes (for example, a building containing apartment units and retail space) is a home improvement loan if the loan proceeds are used primarily to improve the residential portion of the property. If the loan proceeds are used to improve the entire property (for example, to replace the heating system), the loan is a home improvement loan if the property itself is primarily residential. An institution may use any reasonable standard to determine the primary use of the property, such as by square footage or by the income generated. An institution may select the standard to apply on a caseby-case basis. If the loan is unsecured, to report the loan as a home improvement loan the institution must also have classified it as such.
- 5. **Multiple-category loans.** If a loan is a home improvement loan as well as a refinancing, an institution reports the loan as a home improvement loan.

#### Home purchase loan.

- 1. **Multiple properties.** A home purchase loan includes a loan secured by one dwelling and used to purchase another dwelling.
- 2. **Mixed-use property.** A dwelling-secured loan to purchase property used primarily for residential purposes (for example, an apartment building containing a convenience store) is a home purchase loan. An institution may use any reasonable standard to determine the primary

- use of the property, such as by square footage or by the income generated. An institution may select the standard to apply on a case-by-case basis.
- 3. **Farm loan.** A loan to purchase property used primarily for agricultural purposes is not a home purchase loan even if the property includes a dwelling. An institution may use any reasonable standard to determine the primary use of the property, such as by reference to the exemption from Regulation X (Real Estate Settlement Procedures, 12 C.F.R. 1024.5(b)(1)) for a loan on property of 25 acres or more. An institution may select the standard to apply on a case-by-case basis.
- 4. **Commercial and other loans.** A home purchase loan may include a loan originated outside an institution's residential mortgage lending division (such as a loan for the purchase of an apartment building made through the commercial loan department).
- 5. Construction and permanent financing. A home purchase loan includes both a combined construction/permanent loan and the permanent financing that replaces a constructiononly loan. It does not include a construction-only loan, which is considered "temporary financing" under Regulation C and is not reported.
- 6. Second mortgages that finance the downpayments on first mortgages. If an institution making a first mortgage loan to a home purchaser also makes a second mortgage loan to the same purchaser to finance part or all the home purchaser's downpayment, the institution reports each loan separately as a home purchase loan.
- 7. **Multiple-category loans.** If a loan is a home purchase loan as well as a

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C home improvement loan, or a refinancing, an institution reports the loan as a home purchase loan.

#### Manufactured home.

1. Definition of a manufactured home. The definition in § 1003.2 refers to the Federal building code for factorybuilt housing established by the Department of Housing and Urban Development (HUD). The HUD code requires generally that housing be essentially ready for occupancy upon leaving the factory and being transported to a building site. Modular homes that meet all of the HUD code standards are included in the definition because they are ready for occupancy upon leaving the factory. Other factorybuilt homes, such as panelized and precut homes, generally do not meet the HUD code because they require a significant amount of construction on site before they are ready for occupancy. Loans and applications relating to manufactured homes that do not meet the HUD code should not be identified as manufactured housing under HMDA.

## Metropolitan Statistical Areas and Metropolitan Divisions.

1. Use of terms "Metropolitan Statistical Area" and "Metropolitan Division." The U.S. Office of Management and Budget defines Metropolitan Statistical Areas and Metropolitan Divisions to provide nationally consistent definitions for collecting, tabulating, and publishing Federal statistics for a set of geographic areas. OMB divides every Metropolitan Statistical Area (MSA) with a population of 2.5 million or more into Metropolitan Divisions (MDs); MSAs with populations under 2.5 million population are not so divided. 67 FR 82228 (December 27, 2000). For all purposes under Regulation C, if an MSA is divided by OMB into MDs, the appropriate geographic unit to

be used is the MD; if an MSA is not so divided by OMB into MDs, the appropriate geographic unit to be used is the MSA.

#### Section 1003.4— Compilation of Loan Data

#### 4(a) Data format and itemization.

#### 1. Reporting requirements.

- i. An institution reports data on loans that it originated and loans that it purchased during the calendar year described in the report. An institution reports these data even if the loans were subsequently sold by the institution.
- ii. An institution reports the data for loan applications that did not result in originations—for example, applications that the institution denied or that the applicant withdrew during the calendar year covered by the report.
- iii. In the case of brokered loan applications or applications forwarded through a correspondent, the institution reports as originations the loans that it approved and subsequently acquired per a pre-closing arrangement (whether or not they closed in the institution's name). Additionally, the institution reports the data for all applications that did not result in originations—for example, applications that the institution denied or that the applicant withdrew during the calendar year covered by the report (whether or not they would have closed in the institution's name). For all of these loans and applications, the institution reports the required data regarding the borrower's or applicant's ethnicity, race, sex, and income.
  - iv. Loan originations are to be

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C reported only once. If the institution is the loan broker or correspondent, it does not report as originations the loans that it forwarded to another lender for approval prior to closing, and that were approved and subsequently acquired by that lender (whether or not they closed in the institution's name).

v. An institution reports applications that were received in the previous calendar year but were acted upon during the calendar year covered by the current register.

vi. A financial institution submits all required data to the appropriate Federal agency in one package, with the prescribed transmittal sheet. An officer of the institution certifies to the accuracy of the data.

vii. The transmittal sheet states the total number of line entries contained in the accompanying data transmission.

2. **Updating—agency require-ments.** Certain State or Federal regulations, such as the Federal Deposit Insurance Corporation's regulations, may require an institution to update its data more frequently than is required under Regulation C.

#### 3. Form of quarterly updating.

An institution may maintain the quarterly updates of the HMDA/LAR in electronic or any other format, provided the institution can make the information available to its regulatory agency in a timely manner upon request.

#### Paragraph 4(a)(1).

1. **Application date—consistency.** In reporting the date of application, an institution reports the date the application was received or the date shown on the

application. Although an institution need not choose the same approach for its entire HMDA submission, it should be generally consistent (such as by routinely using one approach within a particular division of the institution or for a category of loans).

2. Application date—application forwarded by a broker. For an application forwarded by a broker, an institution reports the date the application was received by the broker, the date the application was received by the institution, or the date shown on the application. Although an institution need not choose the same approach for its entire HMDA submission, it should be generally consistent (such as by routinely using one approach within a particular division of the institution or for a category of loans).

3. Application date—reinstated application. If, within the same calendar year, an applicant asks an institution to reinstate a counteroffer that the applicant previously did not accept (or asks the institution to reconsider an application that was denied, withdrawn, or closed for incompleteness), the institution may treat that request as the continuation of the earlier transaction or as a new transaction. If the institution treats the request for reinstatement or reconsideration as a new transaction, it reports the date of the request as the application date.

4. **Application or loan number.** An institution must ensure that each identifying number is unique within the institution. If an institution's register contains data for branch offices, for example, the institution could use a letter or a numerical code to identify the loans or applications of different branches, or could assign a certain series of numbers to particular branches to avoid duplicate numbers. Institutions are strongly encouraged not to use the

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C applicant's or borrower's name or social security number, for privacy reasons.

5. **Application—year action taken.** An institution must report an application in the calendar year in which the institution takes final action on the application.

#### Paragraph 4(a)(3).

- 1. **Purpose—statement of applicant.** An institution may rely on the oral or written statement of an applicant regarding the proposed use of loan proceeds. For example, a lender could use a checkbox, or a purpose line, on a loan application to determine whether or not the applicant intends to use loan proceeds for home improvement purposes.
- 2. **Purpose—multiple-purpose loan.** If a loan is a home purchase loan as well as a home improvement loan, or a refinancing, an institution reports the loan as a home purchase loan. If a loan is a home improvement loan as well as a refinancing, an institution reports the loan as a home improvement loan.

#### Paragraph 4(a)(6).

1. Occupancy—multiple properties. If a loan relates to multiple properties, the institution reports the owner-occupancy status of the property for which property location is being reported. (See the comments to paragraph 4(a)(9)).

#### Paragraph 4(a)(7).

1. Loan amount—counteroffer. If an applicant accepts a counteroffer for an amount different from the amount initially requested, the institution reports the loan amount granted. If an applicant does not accept a counteroffer or fails to respond, the institution reports the loan amount initially requested.

- 2. Loan amount—multiple-purpose loan. Except in the case of a home-equity line of credit, an institution reports the entire amount of the loan, even if only a part of the proceeds is intended for home purchase or home improvement.
- 3. **Loan amount—home-equity line.** An institution that has chosen to report home-equity lines of credit reports only the part that is intended for home-improvement or home-purchase purposes.
- 4. **Loan amount—assumption.** An institution that enters into a written agreement accepting a new party as the obligor on a loan reports the amount of the outstanding principal on the assumption as the loan amount.

#### Paragraph 4(a)(8).

- 1. Action taken—counteroffers. If an institution makes a counteroffer to lend on terms different from the applicant's initial request (for example, for a shorter loan maturity or in a different amount) and the applicant does not accept the counteroffer or fails to respond, the institution reports the action taken as a denial on the original terms requested by the applicant.
- 2. Action taken—rescinded transactions. If a borrower rescinds a transaction after closing, the institution may report the transaction either as an origination or as an application that was approved but not accepted.
- 3. **Action taken—purchased loans.** An institution reports the loans that it purchased during the calendar year, and does not report the loans that it declined to purchase.
- 4. Action taken—conditional approvals. If an institution issues a loan

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C approval subject to the applicant's meeting underwriting conditions (other than customary loan commitment or loan-closing conditions, such as a clear-title requirement or an acceptable property survey) and the applicant does not meet them, the institution reports the action taken as a denial.

5 Action taken date—approved but not accepted. For a loan approved by an institution but not accepted by the applicant, the institution reports any reasonable date, such as the approval date, the deadline for accepting the offer, or the date the file was closed. Although an institution need not choose the same approach for its entire HMDA submission, it should be generally consistent (such as by routinely using one approach within a particular division of the institution or for a category of loans).

#### 6 Action taken date-

originations. For loan originations, an institution generally reports the settlement or closing date. For loan originations that an institution acquires through a broker, the institution reports either the settlement or closing date, or the date the institution acquired the loan from the broker. If the disbursement of funds takes place on a date later than the settlement or closing date, the institution may use the date of disbursement. For a construction/permanent loan, the institution reports either the settlement or closing date, or the date the loan converts to the permanent financing. Although an institution need not choose the same approach for its entire HMDA submission, it should be generally consistent (such as by routinely using one approach within a particular division of the institution or for a category of loans). Notwithstanding this flexibility regarding the use of the closing date in connection with reporting the date action was taken, the year in which an origination goes to closing is the year

in which the institution must report the origination.

7. **Action taken—pending applications.** An institution does not report any loan application still pending at the end of the calendar year; it reports that application on its register for the year in which final action is taken.

#### Paragraph 4(a)(9).

- 1. Property location—multiple properties (home improvement/refinance of home improvement). For a home improvement loan, an institution reports the property being improved. If more than one property is being improved, the institution reports the location of one of the properties or reports the loan using multiple entries on its HMDA/LAR (with unique identifiers) and allocating the loan amount among the properties.
- 2. Property location—multiple properties (home purchase/refinance of home purchase). For a home purchase loan, an institution reports the property taken as security. If an institution takes more than one property as security, the institution reports the location of the property being purchased if there is just one. If the loan is to purchase multiple properties and is secured by multiple properties, the institution reports the location of one of the properties or reports the loan using multiple entries on its HMDA/LAR (with unique identifiers) and allocating the loan amount among the properties.

## 3. Property location—loans purchased from another institution.

The requirement to report the property location by census tract in an MSA or Metropolitan Division where the institution has a home or branch office applies not only to loan applications and originations

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C but also to loans purchased from another institution. This includes loans purchased from an institution that did not have a home or branch office in that MSA or Metropolitan Division and did not collect the property-location information.

4. **Property location—mobile or manufactured home.** If information about the potential site of a mobile or manufactured home is not available, an institution reports using the Code for "not applicable."

#### Paragraph 4(a)(10).

- 1. **Applicant data—completion by applicant.** An institution reports the monitoring information as provided by the applicant. For example, if an applicant checks the "Asian" box the institution reports using the "Asian" code.
- 2. **Applicant data—completion by lender.** If an applicant fails to provide the requested information for an application taken in person, the institution reports the data on the basis of visual observation or surname.
- 3. Applicant data—application completed in person. When an applicant meets in person with a lender to complete an application that was begun by mail, internet, or telephone, the institution must request the monitoring information. If the meeting occurs after the application process is complete, for example, at closing, the institution is not required to obtain monitoring information.
  - 4. Applicant data—joint applicant.

A joint applicant may enter the government monitoring information on behalf of an absent joint applicant. If the information is not provided, the institution reports using the Code for "information not pro-

vided by applicant in mail, internet, or telephone application."

5. Applicant data—video and other electronic-application processes. An institution that accepts applications through electronic media with a video component treats the applications as taken in person and collects the information about the ethnicity, race, and sex of applicants. An institution that accepts applications through electronic media without a video component (for example, the internet or facsimile) treats the applications as accepted by mail.

#### 6. Income data—income relied on.

An institution reports the gross annual income relied on in evaluating the creditworthiness of applicants. For example, if an institution relies on an applicant's salary to compute a debt-to-income ratio but also relies on the applicant's annual bonus to evaluate creditworthiness, the institution reports the salary and the bonus to the extent relied upon. Similarly, if an institution relies on the income of a cosigner to evaluate creditworthiness, the institution includes this income to the extent relied upon. But an institution does not include the income of a guarantor who is only secondarily liable.

- 7. **Income data—co-applicant.** If two persons jointly apply for a loan and both list income on the application, but the institution relies only on the income of one applicant in computing ratios and in evaluating creditworthiness, the institution reports only the income relied on.
- 8. **Income data—loan to employee.** An institution may report "NA" in the income field for loans to its employees to protect their privacy, even though the institution relied on their income in making its credit decisions.

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C

#### Paragraph 4(a)(11).

- 1. Type of purchaser—loan-participation interests sold to more than one entity. An institution that originates a loan, and then sells it to more than one entity, reports the "type of purchaser" based on the entity purchasing the greatest interest, if any. If an institution retains a majority interest, it does not report the sale
- 2. **Type of purchaser-swapped loans.** Loans "swapped" for mortgage-backed securities are to be treated as sales; the purchaser is the type of entity receiving the loans that are swapped.

#### Paragraph 4(a)(12).

- 1. Average prime offer rate. Average prime offer rates are annual percentage rates derived from average interest rates, points, and other loan pricing terms offered to borrowers by a representative sample of lenders for mortgage loans that have low-risk pricing characteristics. Other pricing terms include commonly used indices, margins, and initial fixedrate periods for variable-rate transactions. Relevant pricing characteristics include a consumer's credit history and transaction characteristics such as the loan-to-value ratio, owner-occupant status, and purpose of the transaction. To obtain average prime offer rates, the Bureau uses a survey of lenders that both meets the criteria of § 1003.4(a)(12)(ii) and provides pricing terms for at least two types of variable-rate transactions and at least two types of non-variable-rate transactions. An example of such a survey is the Freddie Mac Primary Mortgage Market Survey®.
- 2. **Comparable transaction.** The rate spread reporting requirement applies to a reportable loan with an annual percentage rate that exceeds by the specified margin (or more) the average prime offer

- rate for a comparable transaction as of the date the interest rate is set. The tables of average prime offer rates published by the Bureau (see comment 4(a)(12)(ii)-3) indicate how to identify the comparable transaction.
- 3. Bureau tables. The Bureau publishes on the FFIEC's website (www. ffiec.gov/hmda), in table form, average prime offer rates for a wide variety of transaction types. The Bureau calculates an annual percentage rate, consistent with Regulation Z (see 12 C.F.R. 1026.22 and Part 1026, Appendix J), for each transaction type for which pricing terms are available from the survey described in comment 4(a)(12)(ii)-1. The Bureau estimates annual percentage rates for other types of transactions for which direct survey data are not available based on the loan pricing terms available in the survey and other information. The Bureau publishes on the FFIEC's website the methodology it uses to arrive at these estimates.

#### **Paragraph 4(a)(14).**

- 1. Determining lien status for applications and loans originated.
  - i. Lenders are required to report lien status for loans they originate and applications that do not result in originations. Lien status is determined by reference to the best information readilv available to the lender at the time final action is taken and to the lender's own procedures. Thus, lenders may rely on the title search they routinely perform as part of their underwriting procedures—for example, for home purchase loans. Regulation C does not require lenders to perform title searches solely to comply with HMDA reporting requirements. Lenders may rely on other information that is readilv available to them at the time final action is taken and that they reason-

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C

ably believe is accurate, such as the applicant's statement on the application or the applicant's credit report. For example, where the applicant indicates on the application that there is a mortgage on the property or where the applicant's credit report shows that the applicant has a mortgage—and that mortgage is not going to be paid off as part of the transaction—the lender may assume that the loan it originates is secured by a subordinate lien. If the same application did not result in an origination—for example, because the application is denied or withdrawn—the lender would report the application as an application for a subordinate-lien loan.

ii. Lenders may also consider their established procedures when determining lien status for applications that do not result in originations. For example, a consumer applies to a lender to refinance a \$100,000 first mortgage; the consumer also has a home-equity line of credit for \$20,000. If the lender's practice in such a case is to ensure that it will have first-lien position—through a subordination agreement with the holder of the mortgage on the home-equity line—then the lender should report the application as an application for a first-lien loan.

#### Paragraph 4(c)(3).

1. An institution that opts to report home-equity lines reports the disposition of all applications, not just originations.

#### 4(d) Excluded data.

1. Mergers, purchases in bulk, and branch acquisitions. If a covered institution acquires loans in bulk from another institution (for example, from the receiver for a failed institution) but no merger or acquisition of the institution, or acquisition

of a branch, is involved, the institution reports the loans as purchased loans.

## Section 1003.5(a) — Disclosure and Reporting

#### 5(a) Reporting to agency.

- 1. **Submission of data.** Institutions submit data to the appropriate Federal agencies in an automated, machinereadable form. The format must conform to that of the HMDA/LAR. An institution should contact the appropriate Federal agency for information regarding procedures and technical specifications for automated data submission. The data are edited before submission, using the edits included in the agency-supplied software or equivalent edits in software available from vendors or developed in-house.
- 2. **Submission in paper form.** Institutions that report twenty-five or fewer entries on their HMDA/LAR may collect and report the data in paper form. An institution that submits its register in non-automated form sends two copies that are typed or computer printed and must use the format of the HMDA/LAR (but need not use the form itself). Each page must be numbered along with the total number of pages (for example, "Page 1 of 3").

#### 3. Procedures for entering data.

The required data are entered in the register for each loan origination, each application acted on, and each loan purchased during the calendar year. The institution should decide on the procedure it wants to follow—for example, whether to begin entering the required data, when an application is received, or to wait until final action is taken (such as when a loan goes to closing or an application is denied).

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C

- 4. **Options for collection.** An institution may collect data on separate registers at different branches, or on separate registers for different loan types (such as for home purchase or home improvement loans, or for loans on multifamily dwellings). Entries need not be grouped on the register by MSA or Metropolitan Division, or chronologically, or by census tract numbers, or in any other particular order.
- 5. Change in appropriate Federal agency. If the appropriate Federal agency for a covered institution changes (as a consequence of a merger or a change in the institution's charter, for example), the institution must report data to the new appropriate Federal agency beginning with the year of the change.
- 6. **Subsidiaries.** An institution is a subsidiary of a bank or savings association (for purposes of reporting HMDA data to the same agency as the parent) if the bank or savings association holds or controls an ownership interest that is greater than 50 percent of the institution.
- 7. **Transmittal sheet—additional data submissions.** If an additional data submission becomes necessary (for example, because the institution discovers that data were omitted from the initial submission, or because revisions are called for), that submission must be accompanied by a transmittal sheet.
- 8. **Transmittal sheet—revisions or deletions.** If a data submission involves revisions or deletions of previously submitted data, it must state the total of all line entries contained in that submission, including both those representing revisions or deletions of previously submitted entries, and those that are being resubmitted unchanged or are being submitted for the first time. Depository institutions must provide a list of the MSAs or Metropolitan

Divisions in which they have home or branch offices.

#### 5(b) Public disclosure of statement.

- 1. **Business day.** For purposes of § 1003.5, a business day is any calendar day other than a Saturday, Sunday, or legal public holiday.
- 2. **Format.** An institution may make the disclosure statement available in paper form or, if the person requesting the data agrees, in automated form.

## 5(c) Public disclosure of modified loan/application register.

1. **Format.** An institution may make the modified register available in paper or automated form. Although institutions are not required to make the modified register available in census tract order, they are strongly encouraged to do so in order to enhance its utility to users.

#### 5(e) Notice of availability.

1. **Poster—suggested text.** An institution may use any text that meets the requirements of the regulation. Some of the Federal agencies that receive HMDA data provide HMDA posters that an institution can use to inform the public of the availability of its HMDA data, or the institution may create its own posters. If an institution prints its own, the following language is suggested but is not required:

### HOME MORTGAGE DISCLOSURE ACT NOTICE

The HMDA data about our residential mortgage lending are available for review. The data show geographic distribution of loans and applications; ethnicity, race, sex, and income of applicants and borrowers; and information about loan approvals and

Supplement I to 12 C.F.R. Part 1003 Staff Commentary on Regulation C denials. Inquire at this office regarding the locations where HMDA data may be inspected.

2. Additional language for institutions making the disclosure statement available on request. An institution that posts a notice informing the public of the address to which a request should be sent could include the following sentence, for example, in its general notice: "To receive a copy of these data send a written request to [address]."

#### Section 1003.6— Enforcement

- 6(b) Bona fide errors.
- 1. Bona fide error—information from third parties. An institution that obtains the property-location information for applications and loans from third parties (such as appraisers or vendors of "geocoding" services) is responsible for ensuring that the information reported on its HMDA/LAR is correct.

# Section 302—Congressional Findings and Declaration of Purposes

- (a) **Findings of Congress.** The Congress finds that some depository institutions have sometimes contributed to the decline of certain geographic areas by their failure pursuant to their chartering responsibilities to provide adequate home financing to qualified applicants on reasonable terms and conditions.
- (b) **Purpose of chapter.** The purpose of this title is to provide the citizens and public officials of the United States with sufficient information to enable them to determine whether depository institutions are filling their obligations to serve the

housing needs of the communities and neighborhoods in which they are located and to assist public officials in their determination of the distribution of public sector investments in a manner designed to improve the private investment environment.

(c) **Construction of chapter.** Nothing in this title is intended to, nor shall it be construed to, encourage unsound lending practices or the allocation of credit.

**State and County** Codes and MSA/MD **Numbers** 

This appendix contains the information you will need to identify state and county codes and metropolitan statistical area/ metropolitan division numbers.

The states are listed alphabetically and, under each state, every county in the state is listed alphabetically. State codes appear in parentheses after state names; county codes appear in parentheses after county names. Counties with populations of 30.000 or less are denoted with an asterisk (\*). For properties in those counties, you have the option to report "NA" in the census tract field even if you are a CRA data reporter. See Appendix A (I.C.3).

Next to each county in a metropolitan statistical area (MSA) appears the number of the MSA, as announced by the Office of Management and Budget (OMB) on June 28, 2010, and correct on July 7, 2010 or thereafter. Eleven MSAs having a single core with a population of 2.5 million or more (Boston, Chicago, Dallas, Detroit, Los Angeles, Miami, New York, Philadelphia, San Francisco, Seattle, and Washington) were subdivided into metropolitan divisions (MDs). For any county in an MD, the MD number is shown below instead of the MSA number. The MD number, not the MSA number, should be entered in the MSA/MD column.

The list also includes counties located in non-metropolitan areas. In those cases, report "NA" in the MSA/MD column.

Note that properties located in the following U.S. Territories are not HMDA reportable, and therefore, are excluded from the listing: American Samoa, Guam, Northern Mariana Islands, and the Virgin Islands.
