

March 31, 2014

TO: The Individual Responsible for Preparing FFIEC 009 and 009a Country Exposure Reports

Forms and instructions for the quarterly Country Exposure Report (FFIEC 009) and its supplemental Country Exposure Information Report (FFIEC 009a) to be used for the March 31, 2014, report date can be found at http://www.ffiec.gov/forms009_009a.htm. As previously announced, savings and loan holding companies meeting the reporting criteria specified in the General Instructions for the FFIEC 009 report are subject to the country exposure reporting requirements beginning this quarter.

Reporting institutions must use the Federal Reserve System's Reporting Central application to electronically submit their completed FFIEC 009 and FFIEC 009a reports to the Federal Reserve Bank of New York. Although Reporting Central has replaced the former Internet Electronic Submission (IESUB) application, the required file formats for submitting FFIEC 009 and FFIEC 009a data via Reporting Central remain unchanged. Thus, the file formats outlined in the IESUB User Guide should continue to be used and can be found at http://www.frbservices.org/centralbank/reportingcentral/iesub_guides.html. If you have any questions regarding Reporting Central, please send an e-mail to nyreportingcentralcommunication@ny.frb.org.

Completed FFIEC 009 and FFIEC 009a reports for March 31, 2014, must be electronically submitted no later than Thursday, May 15, 2014. Any reports received after May 15, 2014, will be considered late. In addition, the accuracy of the submitted reports will be monitored through the use of validity edits that have been updated for the revised country exposure reporting requirements that took effect December 31, 2013. A checklist of these edits, which can be used to validate the accuracy of the FFIEC 009 and FFIEC 009a reports before they are submitted, is available at http://www.newyorkfed.org/banking/reportingforms/FFIEC_009_Checklist.pdf.

Individual FFIEC 009 reports will be regarded as confidential. Neither the individual reports nor any aggregate data that may indicate the activities of individual institutions will be publicly disclosed. However, individual FFIEC 009a reports are published and made available on the FFIEC's public Web site at <http://www.ffiec.gov/E16.htm>.

All questions concerning the FFIEC 009 and FFIEC 009a reports should be addressed to Anthony Cirillo, Assistant Vice President, Statistics Function, Federal Reserve Bank of New York, at (212) 720-2211 or Anthony.Cirillo@ny.frb.org, or Alex Santana, Staff Director of the International Reports Division, at (212) 720-6357 or Alex.Santana@ny.frb.org.

Judith E. Dupré
Executive Secretary
